

PONSSE

PONSSE ROAD SHOW 2007

INVITATION

PONSSE ROAD SHOW 2007

Welcome to Ponsse's Road Show 2007!

Our Road Show "ThunderTruck" is on its way round the world – stopping at 30 locations, in 13 different countries. The UK will be next stop on the tour, and you are warmly invited to meet us for a chat, and see the latest machines in action.

We are determined to work closely with our customers, and listen to local forestry specialists' needs, so please come and exchange views and news with experts from the Ponsse factory in Finland, and staff from Ponsse UK; our manufacturing and service specialists look forward to meeting you!

On 22-23 May 2007 at 9 am – 4 pm RHAYADER, WALES and on 25-26 May 2007 at 9 am – 4 pm MOFFAT, SCOTLAND

The Roadshow will offer harvesting professionals a unique opportunity to see the latest PONSSE product range at close range. We will show our new products, the giant-size PONSSE Bear harvester and the PONSSE Elephant forwarder – plus other models from the wide range of PONSSE harvesters and forwarders.
